Dear Jean & Liz,

A short note to say a very sincere "Thank You" for all you and your staff have done for Veronica over the last five years. It really can only be described as wonderful and "over and above any expectations of care."

Obviously the last few months of a persons life are not going to be enjoyable or easy ~ but what you did for Veronica made her twilight period as good and comfortable as humanly possible.

Once again - Thank You.

Yours Sincerely,

Brian Wright
