Dear Ann.

Three weeks have passed since the death of my dear Mother and I feel that we have not thanked everyone at Winslow House for their loving care of Ivy.

Sean, Liz and all "the girls" for their very professional care and compassion to Ivy and us as a family whenever we visited.

The men at Winslow - Andrew and John she loved to chat with you both - thank you.

They we regularly heard about - and her Rice Puddings! - but always with great affection.

The "girls" on Night Duty who <sup>in</sup> Mother's words were always there to lend a hand, have a chat or a cup of tea during the long nights.

The Day Staff whose names she could rarely remember but knew their families and how many children they had and in return talked of her own family. Thank You all.

I was so privileged to have her as my Mum.  
Best Wishes Joan, Phillip & Family
