

Dear Sean,

I would like to thank you & all the staff at WH for all the kindness to my mother & your support to me over the last 5 1/2 years, and for keeping her with you until the end. I know she appreciated everything that was done for her, even though latterly she wasn't aware enough to utter her usual "Thank you". As you know I would have loved to have her to live with me, but as that was not possible WH was the next best thing - I even felt I had moved in as well at times & I know some of the newer residents regarded me as staff!..

Your dedication to the residents is remarkable - I could always relax to a certain extent when I knew you were in residence! Thank you all once again
Best wishes
