

22<sup>nd</sup> September.

Dear barons,

I should like to thank you all very much for looking after my mother, Mrs Bobby Woodbury with such kindness and friendship. Every time I saw her she, sang your praises.

The months she spent with you gave her a better quality of life than she may otherwise have had.

I should like to especially thank those of you who cared for her during her last few days, enabling her to die so comfortably and peacefully.

Thank you also for attending her funeral, that was kind.

I am so glad that I chose Hinlston House.

Regards,  
Jyn
